Inviting users to manage your websites and hosting panel

Hosting panel · https://kyzoe.be/en/docs/inviting-users-to-manage-your-websites-and-hosting-panel/

1. In the **left-hand menu**, click **Users**
2. Click **Invite user**
3. Enter the user’s **details and roles**
4. Follow the **on-screen instructions**
5. Click **Invite** to finish

Important:

- Once the user has been invited, they need to click the link in the invitation email and set up their account.
- An invitation **expires automatically after 10 days**.
