Viewing the PHP error log

Hosting panel · https://kyzoe.be/en/docs/viewing-the-php-error-log/

Via the File Manager in the control panel

1. Log in to your **control panel**.
2. Go to **File manager** or **File Manager**.
3. Open your website’s **home directory**.
4. Find the file **php-error.log** and click on it to view or download it.

Via FTP

1. Open your FTP client (e.g. FileZilla).
2. Connect to your website using your FTP details.
3. Go to your website’s **home directory**.
4. Find the file **php-error.log** and download it to your computer.
5. Open the file with a text editor (e.g. Notepad or VS Code).
